   send me pic and personalty form
   blood test
   doctor will send :- fat scan , food waving machine , tm snaces measuring spoon , book etc.
etc.

Video 5 : After the evolution form Billing process

 1)if patient did payment but not join then his data will store in data Master Exel form.
 2) if join then they give package for months and then note down the date of joining and ending time
what will be prices?
payment recieved or not ?

Video 6 & 7 : Results

whatever we filled based on that we get result .

Video 8 : Diet Charts and

 autofill by form that we filled earlier and some mam will fill
1) tables1 - titles of food items
2) tables2 - detox recipes (what are the steps and how to make it)
3) tables3 - what are ingredients
 this diet will post on app

video 9 & 10 :
Daily Reminders input process

send the reminders and every 3 months send the reminders to do blood test
 or he is rejoining or discharge
Daily input request will be sending

video 11 & 12 : Starting to Started Part1 & part2

Patient join means package confirm then after looking into summary , mam will make TM Diet plan.
In TM Diet includes Table 1(title of food) ,table 2(step of detox) ,table 3(food ke choice ke steps).
after making Diet , it will Discuss with clients.

Reminders will be send on daily basis through app or whatsapp and 23 question will be there in reminders
.
new name will be add on current patient list.
based on active patient list , mam will make diet plan.

video 13 :

all this input will upload to TM APP.
with the TM Diet plan , A shopping list(buy from store or amazon) will form. and send to respective patient
 list
based on the problem , doctor will provide the template.

before discharge fat scan , blood pressure etc will compare.

video 14 & 15 :
contact - Evaluation - started(or out) - starting - live - dishcharge or rejoin(if rejoin then again make diet plan ...etc).
 In the live section , staff will update daily in the backend part and it will show in patient app.
staff role - updating backend part, Leave , salary etc.
